

Tower Opening Proves Successful

The Tower theatre's opening Tuesday night proved a distinct success with the house crowded to capacity. Former Governor Mabeey gave a talk in which he compli-

mented Mr. Smith upon the beautiful theatre of which the southeast part of the city should be proud.

In addition to "The Wise Wife," a sparkling comedy drama, the opening bill included an "Our Gang" comedy and a novelty film, making it well balanced and thoroughly appreciated. Donald Cope entertained with a well presented violin solo and Milt Thomas at the organ was popularly received.

The theatre is beautifully decorated, well ventilated and compares with any of the new theatres. The equipment is of the best.

Tomorrow Manager Thornberg has promised an exceptional bill with Lewis Stone in "The Prince of Headwaiters."
